TUMOR TISSUE REGISTRY

“TUMORS INVOLVING THE EXTREMITIES”

Minutes – Subscription A

October 2001

SUGGESTED READING (General Topics from Recent Literature):

Common Musculoskeletal Tumors of Childhood and Adolescence. Arndt C and Crist WM. *New England J of Med* 1999; 341(5):342-352.

Definition of Histopathologic Changes in Gastroesophageal Reflux Disease. Changrasoma PT, Lokuhetty DM, et al. *Am J Surg Pathol* 2000; 24:344-351.

Value of Mesothelium-Associated Antibodies Thrombomodulin Cytokeratin 5/6, Calretinin and CD44H in Distinguishing Epithelioid Pleural Mesothelioma from Adenocarcinoma Metastatic to the Pleura. Cury PM, Butcher DN, et al. *Mod Pathol* 2000; 13:107-112.

Efficacy of a Liquid-Based Thin Layer Method for Cervical Cancer Screening in a Population with a Low Incidence of Cervical Cancer. Weintraub J and Morabia A. *Diagn Cytopathol* 2000; 22:52-59.

Cultivation of the Bacillus of Whipple's Disease. Raoult D, Birg ML, et al. *N Engl J Med* 2000; 342:620-625.

FILE DIAGNOSES

CTTR Subscription A

October 2001

Case 1:

Plantar fibromatosis, left foot
T-Y9700, M-76100

Case 2:

Chondroma of soft parts (“extraskkeletal chondroma”), finger
T-Y8890, M-92200

Case 3:

Giant cell tumor of tendon sheath (localized tenosynovial giant cell tumor), finger
T-Y8810, M-47830

Case 4:

Neurothekeoma (“nerve sheath myxoma”), wrist
T-Y8600, M-80001

Case 5:

Granular cell tumor, wrist
T-Y8620, M-95800

Case 6:

Consistent with diffuse tenosynovitis, thigh (near knee)
T-Y9100, M-40000

Case 7:

Biphasic synovial sarcoma, foot
T-Y9700, M-90403

Case 8:

Chondroblastoma, toe
T-Y9800, M-92300

Case 9:

Mesenchymal chondrosarcoma, foot
T-Y9700, M-92403

Case 10:

Angiomyoma (vascular leiomyoma), ankle
T-Y9500, M-88100

Bakersfield - Plantar fibromatosis
Bay Area - Plantar fibromatosis (3)
Hayward/Fremont - Plantar fibromatosis (3)
Loma Linda (LLUMC Residents) - Plantar fibromatosis
Long Beach - Tendon sheath fibroma (8)
Monterey (Community Hospital of Monterey Peninsula) - Fibroma of tendon sheath
Mountain View (El Camino Pathology Group) - Plantar fibromatosis
Oakland (Kaiser) - Fibromatosis (4)
Orange (UCI Medical Center) - Fibromatosis
Riverside - Plantar fibromatosis
Riverside/Moreno Valley - Low grade fibrosarcoma (vs. fibromatosis) (1); Low grade (well-differentiated) fibrosarcoma (1)
Sacramento (UC Davis Medical Center) - Fibroma (7); vs. giant cell tumor of tendon sheath (1)
San Diego (Naval Medical Center) - Plantar fibromatosis
San Diego - Plantar fibromatosis
Santa Rosa (Santa Rosa Memorial Hospital) - Plantar fibromatosis (3)
Sebastopol (Pathology Service) - Monophasic fibrous synovial sarcoma
Ventura - Plantar fibromatosis (2)
Alaska, Anchorage - Plantar fibromatosis
Connecticut (University of Connecticut Health Center) - Sclerotic giant cell tumor of tendon sheath vs. fibroma of tendon sheath
Delaware (Christiana Hospital) - Plantar fibromatosis
Florida (Munroe Regional Medical Center) - Plantar fibromatosis
Florida (Pathology Associates) - Plantar fibromatosis
Florida (Winter Haven Hospital) - Plantar fibromatosis (1); Neurilemmoma (1)
Illinois (Du Page Pathology Associates) - Plantar fibromatosis
Indiana, Fort Wayne - Plantar fibromatosis, left foot (Ledderhose's disease)
Kansas (University of Kansas Medical Center) - Plantar fibromatosis
Maryland (Johns Hopkins Hospital) - Plantar fibromatosis (Ledderhose's disease)
Maryland (National Naval Medical Center) - Fibromatosis (12)
Maryland (University of Maryland Medical System) - Plantar fibromatosis (9); Fibroma of tendon sheath (1)
Massachusetts (Berkshire Medical Center) - Plantar fibromatosis
Massachusetts (Brigham and Women's Residents) - Superficial (plantar) fibromatosis
Massachusetts (New England Medical Center) - Plantar fibromatosis
Michigan (Oakwood Hospital) - Plantar fibromatosis
Michigan (St. Joseph Mercy Hospital) - Fibromatosis (4)
Missouri (Truman Medical Center Residents) - Plantar fibromatosis
Nebraska (Creighton University School of Medicine) - Plantar fibromatosis
New Jersey (Overlook Hospital) - Plantar fibromatosis (3)
New York (DVAMC, Northport) - Plantar fibromatosis
New York (Long Island Jewish Medical Center) - Plantar fibromatosis
New York (SUNY Stony Brook University Hospital) - Plantar fibromatosis
North Carolina (St. Joseph Hospital) - Plantar fibromatosis (4)
Pennsylvania (Allegheny General Hospital) - Fibromatosis
Pennsylvania (Conemaugh Medical Center Residents) - Peripheral nerve sheath tumor
Pennsylvania (Lehigh Valley Hospital) - Fibromatosis
Pennsylvania (Mountain Area Pathology) - Sarcoma (1); Plantar fibromatosis (1); Fibroma of tendon sheath (1); Plantar fibromatosis (1)
Puerto Rico (University of Puerto Rico) - Plantar fibromatosis
Texas (ProPath Services) - Nodular fibromatosis (2)
West Virginia (Greenbrier Valley Medical Center) - Proliferative fasciitis
Wisconsin (Meriter Health Services) - Plantar fibromatosis with increased mitosis
Wisconsin, Whitefish - Melanoma

Australia (North Queensland Pathology Group) - Plantar fibromatosis
Australia (Royal Prince Alfred Hospital) - Plantar fibromatosis
Canada (CUSE, Site Fleurimont) - Plantar fibromatosis
Japan (Kawasaki Medical School) - Plantar fibromatosis (5)
Japan (Yamanashi Medical University) - Plantar fibromatosis (3)
Netherlands - Plantar fibromatosis

Case 1 - Diagnosis:

Plantar fibromatosis, left foot

T-Y9700, M-76100

Case No. 2, Accession No. 28454

October 2001

Bakersfield - Chondroma
Bay Area - Enchondroma
Hayward/Fremont - Juxtacortical chondroma (3)
Loma Linda (LLUMC Residents) - Soft tissue chondroma
Long Beach - Chondroma (8)
Monterey (Community Hospital of Monterey Peninsula) - Chondroma
Mountain View (El Camino Pathology Group) - Chondroma
Oakland (Kaiser) - Enchondroma (4)
Orange (UCI Medical Center) - Chondroma, extraskeletal
Riverside - Chondroma
Riverside/Moreno Valley - Extraskeletal chondroma (1); Osteochondroma (1)
Sacramento (UC Davis Medical Center) - Soft tissue chondroma
San Diego (Naval Medical Center) - Chondroma
San Diego - Extraskeletal chondroma
Santa Rosa (Santa Rosa Memorial Hospital) - Chondroma (3)
Sebastopol (Pathology Service) - Osteochondroma
Ventura - Extraskeletal chondroma (2)
Alaska, Anchorage - Soft tissue chondroma
Connecticut (University of Connecticut Health Center) - Chondroma
Delaware (Christiana Hospital) - Extraskeletal chondroma
Florida (Munroe Regional Medical Center) - Extraskeletal chondroma
Florida (Pathology Associates) - Extraskeletal chondroma
Florida (Winter Haven Hospital) - Chondroma (1); Chondrosarcoma (1)
Illinois (Du Page Pathology Associates) - Chondroma
Indiana, Fort Wayne - Benign soft tissue chondroma, right index finger
Kansas (University of Kansas Medical Center) - Synovial chondromatous metaplasia
Maryland (Johns Hopkins Hospital) - Extraskeletal chondroma
Maryland (National Naval Medical Center) - Extraskeletal chondroma (12)

Maryland (University of Maryland Medical System) - Chondroma (extraosseous) (10)
Massachusetts (Berkshire Medical Center) - Chondroma
Massachusetts (Brigham and Women's Residents) - Chondroma (favor periosteal but need x-ray)
Massachusetts (New England Medical Center) - Soft tissue chondroma
Michigan (Oakwood Hospital) - Chondroma
Michigan (St. Joseph Mercy Hospital) - Chondroma (4)
Missouri (Truman Medical Center Residents) - Synovial chondromatosis
Nebraska (Creighton University School of Medicine) - Chondroma of soft part
New Jersey (Overlook Hospital) - Chondroma of soft tissue (3)
New York (DVAMC, Northport) - Extraskeletal chondroma
New York (Long Island Jewish Medical Center) - Chondroma of soft part
New York (SUNY Stony Brook University Hospital) - Soft tissue chondroma
North Carolina (St. Joseph Hospital) - Extraskeletal chondroma (2); Chondroma (2)
Pennsylvania (Allegheny General Hospital) - Enchondroma
Pennsylvania (Conemaugh Medical Center Residents) - Chondroma
Pennsylvania (Lehigh Valley Hospital) - Chondroma
Pennsylvania (Mountain Area Pathology) - Extraskeletal chondroma (2); Chondroma (2)
Puerto Rico (University of Puerto Rico) - Chondroma of soft part
Texas (ProPath Services) - Chondromatous of finger (2)
West Virginia (Greenbrier Valley Medical Center) - Chondroma - extraosseous
Wisconsin (Meriter Health Services) - Extraskeletal chondroma of small bones of hand and foot
Wisconsin, Whitefish - Chondroma
Australia (North Queensland Pathology Group) - Chondroma
Australia (Royal Prince Alfred Hospital) - Chondroma of soft tissue
Canada (CUSE, Site Fleurimont) - Osteochondroma
Japan (Kawasaki Medical School) - Chondroma of soft part (5)
Japan (Yamanashi Medical University) - Bizarre parosteal osteochondromatous proliferation (1); Enchondroma (1); Osteochondroma (1)
Netherlands - Chondroma of soft part

Case 2 - Diagnosis:

Chondroma of soft parts ("extraskeletal chondroma"), finger

T-Y8890, M-92200

Case 2 - References:

Case No. 3, Accession No. 28560

October 2001

Bakersfield - Giant cell tumor of tendon sheath
Bay Area - Giant cell tumor of tendon sheath (3)
Hayward/Fremont - Giant cell tumor of tendon sheath (3)
Loma Linda (LLUMC Residents) - Tenosynovial giant cell tumor, diffuse type
Long Beach - Nodular tenosynovitis (giant cell tumor of tendon sheath) (8)

Monterey (Community Hospital of Monterey Peninsula) - Giant cell tumor of tendon sheath
Mountain View (El Camino Pathology Group) - Giant cell tumor of tendon sheath
Oakland (Kaiser) - Focalized giant cell tumor of tendon sheath
Orange (UCI Medical Center) - Giant cell tumor of tendon sheath
Riverside - Nodular fasciitis
Riverside/Moreno Valley - Tenosynovial giant cell tumor, localized type (1); Nodular tenosynovitis (localized GCT) (1)
Sacramento (UC Davis Medical Center) - Giant cell tumor of tendon sheath
San Diego (Naval Medical Center) - Giant cell tumor of tendon sheath
San Diego - Giant cell tumor of tendon sheath
Santa Rosa (Santa Rosa Memorial Hospital) - Giant cell tumor of tendon sheath (1); Tenosynovial giant cell tumor (2)
Sebastopol (Pathology Service) - Giant cell tumor of tendon sheath
Ventura - Giant cell tumor of tendon sheath (2)
Alaska, Anchorage - Giant cell tumor of tendon sheath (nodular tenosynovitis)
Connecticut (University of Connecticut Health Center) - Giant cell tumor of tendon sheath
Delaware (Christiana Hospital) - Giant cell tumor of tendon sheath
Florida (Munroe Regional Medical Center) - Tenosynovial giant cell tumor
Florida (Pathology Associates) - Giant cell tumor of tendon sheath
Florida (Winter Haven Hospital) - Giant cell tumor of tendon sheath (2)
Illinois (Du Page Pathology Associates) - Giant cell tumor
Indiana, Fort Wayne - Giant cell tumor of tendon sheath, right thumb
Kansas (University of Kansas Medical Center) - Pigmented villonodular synovitis
Maryland (Johns Hopkins Hospital) - Tenosynovial giant cell tumor, localized type (nodular tenosynovitis)
Maryland (National Naval Medical Center) - Giant cell tumor of tendon sheath (12)
Maryland (University of Maryland Medical System) - Giant cell tumor of tendon sheath (10)
Massachusetts (Berkshire Medical Center) - Giant cell tumor of tendon sheath
Massachusetts (Brigham and Women's Residents) - Tenosynovial giant cell tumor, localized type (giant cell tumor of tendon sheath)
Massachusetts (New England Medical Center) - Localized giant cell tumor of tendon sheath
Michigan (Oakwood Hospital) - Nodular tenosynovial giant cell tumor
Michigan (St. Joseph Mercy Hospital) - Giant cell tumor of tendon sheath (4)
Missouri (Truman Medical Center Residents) - Giant cell tumor of tendon sheath
Nebraska (Creighton University School of Medicine) - Giant cell tumor of tendon sheath
New Jersey (Overlook Hospital) - Giant cell tumor of tendon sheath (3)
New York (DVAMC, Northport) - Benign giant cell tumor of tendon sheath
New York (Long Island Jewish Medical Center) - Giant cell tumor of tendon sheath
New York (SUNY Stony Brook University Hospital) - Giant cell tumor of tendon sheath
North Carolina (St. Joseph Hospital) - Giant cell tumor of tendon sheath (4)
Pennsylvania (Allegheny General Hospital) - Giant cell tumor of tendon sheath
Pennsylvania (Conemaugh Medical Center Residents) - Giant cell tumor
Pennsylvania (Lehigh Valley Hospital) - Nodular tenosynovitis
Pennsylvania (Mountain Area Pathology) - Giant cell tumor of tendon sheath (4)
Puerto Rico (University of Puerto Rico) - Giant cell tumor of tendon sheath
Texas (Propath Services) - Xanthofibroma (giant cell tumor of tendon sheath) (2)
West Virginia (Greenbrier Valley Medical Center) - Tenosynovial giant cell tumor
Wisconsin (Meriter Health Services) - Giant cell tumor of tendon sheath
Wisconsin, Whitefish - Giant cell tumor of tendon sheath
Australia (North Queensland Pathology Group) - Giant cell tumour of tendon sheath
Australia (Royal Prince Alfred Hospital) - Giant cell tumour of tendon sheath
Canada (CUSE, Site Fleurimont) - Giant cell tumor of tendon sheath
Japan (Kawasaki Medical School) - Nodular tenosynovitis (5)
Japan (Yamanashi Medical University) - Giant cell tumor of tendon sheath (3)
Netherlands - Giant cell tumor of tendon sheath

Case 3 - Diagnosis:

Giant cell tumor of tendon sheath (localized tenosynovial giant cell tumor), finger

T-Y8810, M-47830

Case No. 4, Accession No. 27775

October 2001

Bakersfield - Benign myxoid tumor of nerve sheath

Bay Area - Plexiform neurofibroma (or peripheral nerve sheath tumor) (3)

Hayward/Fremont - Neurothekeoma (2); Myxoma of nerve sheath (1)

Loma Linda (LLUMC Residents) - Neurothekeoma

Long Beach - Nerve sheath myxoma (8)

Monterey (Community Hospital of Monterey Peninsula) - Neurothekeoma

Mountain View (El Camino Pathology Group) - Myxoid nerve sheath tumor

Oakland (Kaiser) - Nerve sheath myxoma (4)

Orange (UCI Medical Center) - Neurothekeoma

Riverside - Schwannoma myxoid

Riverside/Moreno Valley - Neurothekeoma (2)

Sacramento (UC Davis Medical Center) - Neurothekeoma

San Diego (Naval Medical Center) - Nerve sheath myxoma (9); Parachordoma (2)

San Diego - Parachordoma

Santa Rosa (Santa Rosa Memorial Hospital) - Myxoid schwannoma (3)

Sebastopol (Pathology Service) - Lipofibromatous hamartoma

Ventura - Schwannoma (2)

Alaska, Anchorage - Nerve sheath myxoma (neurothekeoma)

Connecticut (University of Connecticut Health Center) - Malignant peripheral nerve sheath tumor, low grade

Delaware (Christiana Hospital) - Neurothekeoma

Florida (Munroe Regional Medical Center) - Neurothekeoma

Florida (Pathology Associates) - Myxoid schwannoma

Florida (Winter Haven Hospital) - Neurofibroma (1); Ganglioneuroma (1)

Illinois (Du Page Pathology Associates) - Schwannoma, myxoid

Indiana, Fort Wayne - Myxoma of nerve sheath (myxoid variant of neurothekeoma), wrist (right)

Kansas (University of Kansas Medical Center) - Myoepithelioma/mixed tumor of soft tissue

Maryland (Johns Hopkins Hospital) - Nerve sheath myxoma/neurothekeoma

Maryland (National Naval Medical Center) - Myxoid nerve sheath tumor (neurothekeoma) (12)

Maryland (University of Maryland Medical System) - Nerve sheath myxoma (10)

Massachusetts (Berkshire Medical Center) - Nerve sheath myxoma

Massachusetts (Brigham and Women's Residents) - Mixed tumor of soft tissue (vs. dermal nerve sheath myxoma)

Massachusetts (New England Medical Center) - Neurothekeoma

Michigan (Oakwood Hospital) - Neurothekeoma

Michigan (St. Joseph Mercy Hospital) - Neurothekeoma (4)

Missouri (Truman Medical Center Residents) - Neurothekeoma/glia hamartoma

Nebraska (Creighton University School of Medicine) - Mixed tumor of skin

New Jersey (Overlook Hospital) - Nerve sheath myxoma (3)
New York (DVAMC, Northport) - Myxoid tumor with benign features (nerve sheath myxoma?)
New York (Long Island Jewish Medical Center) - Plexiform neurofibroma
New York (SUNY Stony Brook University Hospital) - Neurothekeoma
North Carolina (St. Joseph Hospital) - Plexiform neurofibroma (3); Neurothekeoma vs. plexiform neurofibroma (1)
Pennsylvania (Allegheny General Hospital) - Neurothekeoma
Pennsylvania (Conemaugh Medical Center Residents) - Nerve sheath myxoma
Pennsylvania (Lehigh Valley Hospital) - Plexiform neurofibroma
Pennsylvania (Mountain Area Pathology) - Plexiform neurofibroma (1); Nerve sheath myxoma (2); Myxoid chondrosarcoma (1)
Puerto Rico (University of Puerto Rico) - Peripheral nerve sheath tumor
Texas (Propath Services) - Benign myxoid tumor of nerve sheath (neurothekeoma) (2)
West Virginia (Greenbrier Valley Medical Center) - Myxoid malignant fibrosarcoma
Wisconsin (Meriter Health Services) - Myxoid plexiform neurofibroma vs. neuroma
Wisconsin, Whitefish - Chondroma
Australia (North Queensland Pathology Group) - Myxoid peripheral nerve sheath tumour
Australia (Royal Prince Alfred Hospital) - Myxoid plexiform neurofibroma
Canada (CUSE, Site Fleurimont) - Schwannoma, type B
Japan (Kawasaki Medical School) - Nerve sheath myxoma (3); Neurofibroma (1); Plexiform schwannoma (1)
Japan (Yamanashi Medical University) - Neurothekeoma (nerve sheath myxoma) (2); Extraskeletal myxoid chondrosarcoma (1)
Netherlands - Nerve sheath myxoma (neurothekeoma)

Case 4 - Diagnosis:

Neurothekeoma (“Nerve sheath myxoma”), wrist

T-Y8600, M-80001

Consultation: Samuel H. Fistel, M.D., Major, Armed Forces Institute of Pathology, Washington, DC. “Soft tissue, right wrist: Multinodular benign myxoid neoplasm, favor variant of nerve sheath tumor.”

Case No. 5, Accession No. 28928

October 2001

Bakersfield - Granular cell tumor
Bay Area - Granular cell tumor (3)
Hayward/Fremont - Granular cell tumor (3)
Loma Linda (LLUMC Residents) - Granular cell tumor
Long Beach - Granular cell tumor (8)
Monterey (Community Hospital of Monterey Peninsula) - Granular cell tumor
Mountain View (El Camino Pathology Group) - Granular cell tumor
Oakland (Kaiser) - Granular cell tumor (4)
Orange (UCI Medical Center) - Granular cell tumor
Riverside - Granular cell schwannoma
Riverside/Moreno Valley - Granular cell tumor (2)
Sacramento (UC Davis Medical Center) - Malignant granular cell tumor

San Diego (Naval Medical Center) - Granular cell tumor
San Diego - Granular cell tumor
Santa Rosa (Santa Rosa Memorial Hospital) - Granular cell tumor (3)
Sebastopol (Pathology Service) - Granular cell tumor
Ventura - Granular cell tumor
Alaska, Anchorage - Granular cell tumor
Connecticut (University of Connecticut Health Center) - Granular cell tumor
Delaware (Christiana Hospital) - Granular cell tumor
Florida (Munroe Regional Medical Center) - Granular cell tumor
Florida (Pathology Associates) - Granular cell tumor
Florida (Winter Haven Hospital) - Granular cell tumor (2)
Illinois (Du Page Pathology Associates) - Granular cell tumor
Indiana, Fort Wayne - Granular cell tumor, left wrist
Kansas (University of Kansas Medical Center) - Granular cell tumor
Maryland (Johns Hopkins Hospital) - Granular cell tumor
Maryland (National Naval Medical Center) - Granular cell tumor (12)
Maryland (University of Maryland Medical System) - Granular cell tumor (10)
Massachusetts (Berkshire Medical Center) - Granular cell tumor
Massachusetts (Brigham and Women's Residents) - Granular cell tumor
Massachusetts (New England Medical Center) - Granular cell tumor
Michigan (Oakwood Hospital) - Granular cell tumor
Michigan (St. Joseph Mercy Hospital) - Granular cell tumor (4)
Missouri (Truman Medical Center Residents) - Granular cell tumor
Nebraska (Creighton University School of Medicine) - Granular cell tumor
New Jersey (Overlook Hospital) - Granular cell tumor (3)
New York (DVAMC, Northport) - Granular cell tumor
New York (Long Island Jewish Medical Center) - Granular cell tumor associated with pseudoepitheliomatous hyperplasia
New York (SUNY Stony Brook University Hospital) - Granular cell tumor
North Carolina (St. Joseph Hospital) - Granular cell tumor (4)
Pennsylvania (Allegheny General Hospital) - Granular cell tumor
Pennsylvania (Conemaugh Medical Center Residents) - Granular cell tumor, benign
Pennsylvania (Lehigh Valley Hospital) - Granular cell tumor
Pennsylvania (Mountain Area Pathology) - Granular cell tumor (4)
Puerto Rico (University of Puerto Rico) - Granular cell tumor
Texas (ProPath Services) - Benign granular cell tumor (2)
West Virginia (Greenbrier Valley Medical Center) - Congenital nevus
Wisconsin (Meriter Health Services) - Granular cell tumor
Wisconsin, Whitefish - Granular cell tumor
Australia (North Queensland Pathology Group) - Granular cell tumour
Australia (Royal Prince Alfred Hospital) - Granular cell tumour
Canada (CUSE, Site Fleurimont) - Granular cell tumor
Japan (Kawasaki Medical School) - Granular cell tumor (5)
Japan (Yamanashi Medical University) - Granular cell tumor (3)
Netherlands - Granular cell tumor

Case 5 - Diagnosis:

Granular cell tumor, wrist

T-Y8620, M-95800

Case 5 - References:

Case No. 6, Accession No. 27702

October 2001

Bay Area - Low grade sarcoma, NOS (? clear cell) (2); Fibrohistiocytoma (cannot rule out reactive pseudotumor) (1)
Hayward/Fremont - Metastatic renal cell carcinoma (1); Angiosarcoma (1); Clear cell sarcoma (1)
Loma Linda (LLUMC Residents) - Pigmented villonodular synovitis
Long Beach - Metastatic renal cell carcinoma (8)
Monterey (Community Hospital of Monterey Peninsula) - Epithelioid hemangioendothelioma
Mountain View (El Camino Pathology Group) - Organizing abscess with xanthomatous features
Oakland (Kaiser) - Clear cell sarcoma (4)
Orange (UCI Medical Center) - Metastatic renal cell tumor
Riverside - Fibrohistiocytoma reaction
Riverside/Moreno Valley - Clear cell/aneurysmal fibrous histiocytoma (1); Fibrous histiocytoma (angiomatoid vs. clear cell)
Sacramento (UC Davis Medical Center) - Hemangioendothelioma (6); vs. xanthogranuloma (4)
San Diego (Naval Medical Center) - Angiomatoid fibrous histiocytoma
San Diego - Angiomatoid fibrous histiocytoma
Santa Rosa (Santa Rosa Memorial Hospital) - Reactive myositis (3)
Sebastopol (Pathology Service) - Inflammatory pseudotumor
Ventura - Liposarcoma (2)
Alaska, Anchorage - Hibernoma
Connecticut (University of Connecticut Health Center) - Angiomatoid fibrous histiocytoma vs. malignant fibrous histiocytoma, inflammatory variant
Delaware (Christiana Hospital) - Pigmented villonodular synovitis
Florida (Munroe Regional Medical Center) - Proliferative myositis
Florida (Pathology Associates) - Benign inflammatory pseudotumor
Florida (Winter Haven Hospital) - Bacterial myofasciitis (1); Angiolipoma (1)
Illinois (Du Page Pathology Associates) - Clear cell tumor of tendon sheath
Indiana, Fort Wayne - Granular cell reaction - xanthogranulomatous reaction 2° to trauma, left thigh
Kansas (University of Kansas Medical Center) - Localized nodular synovitis
Maryland (Johns Hopkins Hospital) - Favor proliferative/reactive process possibly infectious – could this be malakoplakia?
 Would perform fungal, mycobacterial and calcium stains
Maryland (National Naval Medical Center) - Rosai-Dorfman (6); Clear cell sarcoma (5); Organizing abscess (1)
Maryland (University of Maryland Medical System) - Rosai-Dorfman (10)
Massachusetts (Berkshire Medical Center) - Renal cell carcinoma vs. clear cell sarcoma of tendon sheath
Massachusetts (Brigham and Women's Residents) - Extensive granulation tissue (no tumor seen in our slide)
Massachusetts (New England Medical Center) - Clear cell sarcoma
Michigan (Oakwood Hospital) - Granular cell reaction
Michigan (St. Joseph Mercy Hospital) - Malakoplakia (2); Inflammatory myofibroblastic tumor (2)
Missouri (Truman Medical Center Residents) - Pleomorphic hyalinizing angioectatic tumor
Nebraska (Creighton University School of Medicine) - Proliferating synovitis
New Jersey (Overlook Hospital) - Metastatic carcinoma (2); Inflammatory pseudotumor (1)
New York (DVAMC, Northport) - Clear cell sarcoma
New York (Long Island Jewish Medical Center) - Inflammatory pseudotumor
New York (SUNY Stony Brook University Hospital) - Inflammatory malignant fibrous histiocytoma
North Carolina (St. Joseph Hospital) - Epithelioid hemangioendothelioma (rule out metastatic renal) (2); Epithelioid hemangioendothelioma vs. clear cell metastatic tumor (1); Clear cell neoplasm, rule out renal cell (1)
Pennsylvania (Allegheny General Hospital) - Benign fibrous histiocytoma (xanthogranuloma)

Pennsylvania (Conemaugh Medical Center Residents) - Xanthogranuloma
Pennsylvania (Lehigh Valley Hospital) - Xanthogranulomatous inflammation
Pennsylvania (Mountain Area Pathology) - Hemangioendothelioma vs. clear cell sarcoma (1); Vascular lesion ?/epithelioid hemangioendothelioma (1); Epithelioid hemangioendothelioma (2)
Puerto Rico (University of Puerto Rico) - Inflammatory pseudotumor (9); Rosai-Dorfman disease (2)
Texas (ProPath Services) - Bacillary angiomatosis (2)
West Virginia (Greenbrier Valley Medical Center) - Atypical lipoma
Wisconsin (Meriter Health Services) - Rosai-Dorfman lesion vs. reparative lesion
Wisconsin, Whitefish - Malacoplakia
Australia (North Queensland Pathology Group) - Liposarcoma ???
Australia (Royal Prince Alfred Hospital) - ? ruptured tendinous xanthoma ? xanthogranulomatous inflammation
Canada (CUSE, Site Fleurimont) - Metastasis, renal clear cell carcinoma
Japan (Kawasaki Medical School) - Tendinous xanthoma (5)
Japan (Yamanashi Medical University) - Inflamed granulation tissue with abscess (1); Necrotizing fasciitis (1); Proliferative myositis (1)
Netherlands - Reactive ? or Rosai-Dorfman ?

Case 6 - Diagnosis:

Consistent with diffuse tenosynovitis, thigh (near knee)

T-Y9100, M-40000

Case No. 7, Accession No. 29155

October 2001

Bakersfield - Synovial sarcoma
Bay Area - Synovial sarcoma (3)
Hayward/Fremont - Synovial sarcoma (3)
Loma Linda (LLUMC Residents) - Synovial sarcoma
Long Beach - Synovial sarcoma (8)
Monterey (Community Hospital of Monterey Peninsula) - Biphasic synovial sarcoma
Mountain View (El Camino Pathology Group) - Synovial sarcoma
Oakland (Kaiser) - Synovial sarcoma (4)
Orange (UCI Medical Center) - Synovial sarcoma
Riverside - Synovial sarcoma
Riverside/Moreno Valley - Synovial sarcoma, biphasic (2)
Sacramento (UC Davis Medical Center) - Vascular tumor favor lymphoangiosarcoma
San Diego (Naval Medical Center) - Biphasic synovial sarcoma
San Diego - Synovial sarcoma
Santa Rosa (Santa Rosa Memorial Hospital) - Synovial sarcoma (3)
Sebastopol (Pathology Service) - Biphasic synovial sarcoma
Ventura - Synovial sarcoma (2)
Alaska, Anchorage - Biphasic synovial sarcoma
Connecticut (University of Connecticut Health Center) - Synovial sarcoma

Delaware (Christiana Hospital) - Synovial sarcoma
Florida (Munroe Regional Medical Center) - Synovial sarcoma
Florida (Pathology Associates) - Synovial sarcoma, biphasic
Florida (Winter Haven Hospital) - Synovial sarcoma (1); Fibrosarcoma (1)
Illinois (Du Page Pathology Associates) - Synovial sarcoma
Indiana, Fort Wayne - Biphasic synovial sarcoma, right foot
Kansas (University of Kansas Medical Center) - Synovial sarcoma
Maryland (Johns Hopkins Hospital) - Biphasic synovial sarcoma (would perform cytokeratin immunostains to confirm)
Maryland (National Naval Medical Center) - Synovial sarcoma (12)
Maryland (University of Maryland Medical System) - Biphasic synovial sarcoma
Massachusetts (Berkshire Medical Center) - Synovial sarcoma
Massachusetts (Brigham and Women's Residents) - Biphasic synovial sarcoma
Massachusetts (New England Medical Center) - Biphasic synovial sarcoma
Michigan (Oakwood Hospital) - Biphasic synovial sarcoma
Michigan (St. Joseph Mercy Hospital) - Synovial sarcoma (4)
Missouri (Truman Medical Center Residents) - Synovial sarcoma
Nebraska (Creighton University School of Medicine) - Biphasic spindle-cell synovial sarcoma
New Jersey (Overlook Hospital) - Synovial sarcoma, biphasic (3)
New York (DVAMC, Northport) - Synovial sarcoma, biphasic
New York (Long Island Jewish Medical Center) - Biphasic synoviosarcoma
New York (SUNY Stony Brook University Hospital) - Synovial sarcoma
North Carolina (St. Joseph Hospital) - Synovial sarcoma (4)
Pennsylvania (Allegheny General Hospital) - Synovial sarcoma
Pennsylvania (Conemaugh Medical Center Residents) - Biphasic synovial sarcoma
Pennsylvania (Lehigh Valley Hospital) - Synovial sarcoma
Pennsylvania (Mountain Area Pathology) - Hemangiopericytoma (1); Synovial sarcoma (biphasic) (3)
Puerto Rico (University of Puerto Rico) - Synovial sarcoma, biphasic
Texas (ProPath Services) - Synovial cell sarcoma (2)
West Virginia (Greenbrier Valley Medical Center) - Clear cell sarcoma
Wisconsin (Meriter Health Services) - Synovial sarcoma
Wisconsin, Whitefish - Synovial sarcoma
Australia (North Queensland Pathology Group) - Synovial sarcoma
Australia (Royal Prince Alfred Hospital) - Synovial sarcoma (biphasic variant)
Canada (CUSE, Site Fleurimont) - Synovial sarcoma
Japan (Kawasaki Medical School) - Synovial sarcoma (5)
Japan (Yamanashi Medical University) - Synovial cell sarcoma (3)
Netherlands - Biphasic synovial sarcoma

Case 7 - Diagnosis:

Biphasic synovial sarcoma, foot
 T-Y9700, M-90403

Bakersfield - Giant cell tumor
Bay Area - Osteosarcoma (3)
Hayward/Fremont - Giant cell tumor, rule out brown tumor (3)
Loma Linda (LLUMC Residents) - Giant cell reparative granuloma
Long Beach - Giant cell tumor (8)
Monterey (Community Hospital of Monterey Peninsula) - Giant cell tumor
Mountain View (El Camino Pathology Group) - Giant cell tumor?/brown tumor?
Oakland (Kaiser) - Giant cell tumor (3); Chondroblastoma (1)
Orange (UCI Medical Center) - Reparative granuloma
Riverside - Giant cell tumor
Riverside/Moreno Valley - Soft tissue giant cell tumor of low malignant potential (1); Aneurysmal bone cyst/reparative granuloma (1)
Sacramento (UC Davis Medical Center) - Osteosarcoma vs. giant cell tumor (1)
San Diego (Naval Medical Center) - Giant cell reparative granuloma (4); Chondroblastoma (5)
San Diego - Favor chondroblastoma
Santa Rosa (Santa Rosa Memorial Hospital) - Giant cell tumor of low malignant potential (3)
Sebastopol (Pathology Service) - Giant cell tumor
Ventura - Giant cell tumor of tendon sheath (2)
Alaska, Anchorage - Giant cell reparative granuloma
Connecticut (University of Connecticut Health Center) - Giant cell reparative granuloma of tubular bone or giant cell tumor with bone formation
Delaware (Christiana Hospital) - Giant cell tumor
Florida (Munroe Regional Medical Center) - Giant cell tumor favor chondroblastoma
Florida (Pathology Associates) - Benign fibrochondro-osseous pseudotumor of digit
Florida (Winter Haven Hospital) - Benign giant cell tumor (1); Osteosarcoma (1)
Illinois (Du Page Pathology Associates) - Osteoid osteoma
Indiana, Fort Wayne - Giant cell neoplasm (subungual), extragnathic reparative granuloma, great toe (rule out solid variant of ABC)
Kansas (University of Kansas Medical Center) - Giant cell tumor of bone
Maryland (Johns Hopkins Hospital) - Giant cell reparative granuloma
Maryland (National Naval Medical Center) - Florid periostitis (6); Bizarre parosteal osteochondromatous proliferation (6)
Maryland (University of Maryland Medical System) - Giant cell reparative granuloma
Massachusetts (Berkshire Medical Center) - Osteosarcoma (3); Giant cell reparative granuloma (2)
Massachusetts (Brigham and Women's Residents) - Chondroblastoma
Massachusetts (New England Medical Center) - Giant cell variant, malignant fibrous histiocytoma (giant cell tumor of soft tissue) with metaplastic bone and cartilage
Michigan (Oakwood Hospital) - Giant cell reparative granuloma
Michigan (St. Joseph Mercy Hospital) - Giant cell reparative granuloma (4)
Missouri (Truman Medical Center Residents) - Myositis ossification
Nebraska (Creighton University School of Medicine) - Subungual exostoses
New Jersey (Overlook Hospital) - Giant cell reparative granuloma (3)
New York (DVAMC, Northport) - Osteosarcoma with prominent benign giant cells (telangiectatic osteosarcoma?)
New York (Long Island Jewish Medical Center) - Chondroblastoma
New York (SUNY Stony Brook University Hospital) - Chondroblastoma
North Carolina (St. Joseph Hospital) - Giant cell tumor (4)
Pennsylvania (Allegheny General Hospital) - Osteosarcoma
Pennsylvania (Conemaugh Medical Center Residents) - Giant cell tumor
Pennsylvania (Lehigh Valley Hospital) - Giant cell type of malignant fibrous histiocytoma
Pennsylvania (Mountain Area Pathology) - Giant cell tumor (3); Giant cell reparative granuloma (1)
Puerto Rico (University of Puerto Rico) - Fibro-osseous pseudotumor of the digits
Texas (Propath Services) - Benign giant cell tumor (2)
West Virginia (Greenbrier Valley Medical Center) - Xanthoma

Wisconsin (Meriter Health Services) - Giant cell tumor of soft part
Wisconsin, Whitefish - Reparative granuloma
Australia (North Queensland Pathology Group) - Giant cell tumour of low malignant potential D.O. osteoclast rich osteosarcoma
Australia (Royal Prince Alfred Hospital) - Solid aneurysmal bone “cyst”
Canada (CUSE, Site Fleurimont) - Giant cell tumor
Japan (Kawasaki Medical School) - Giant cell tumor (4); Chondroblastoma (1)
Japan (Yamanashi Medical University) - Giant cell tumor of soft tissue (1); Reactive ossifying lesion after trauma (1); Myositis ossificans (1)
Netherlands - Giant cell reparative granuloma of foot, exclude “brown tumor” of hyperparathyroidism

Case 8 - Diagnosis:

Chondroblastoma, toe

Director’s comment: Note the preserve of “dirty cartilage.” (drc)
T-Y9800, M-92300
